DCR inmate/resident totals:			10,093	8	100	10,329	128	1,015
Employees: (systemwide; includes contract staff)			Negative 4,479	Positive 17	Pending 76	Total 4,574	Recovered 28	
Deaths:			Inmates**/residents:		0	Employees:		0
<p><small>** An MOCC inmate who died while receiving hospice care for stage 4 metastatic cancer was tested for COVID-19 shortly before his death and was found to be positive. The treating medical provider determined COVID-19 was not a contributing factor. As the test result was received post-mortem, the positive is not included in the above figures.</small></p>								
About this report:								
<small>* Today's report includes corrected figures for total tests administered and negative results.</small>								
<small>Inmates are adults in prisons, jails and work-release facilities. Residents are youths in Juvenile Services facilities. The figures for HCC and MOCC include their satellite work camps.</small>								
<small>Employee figures reflect testing conducted by DCR's medical services providers, and any offsite testing reported to DCR. These figures also include DCR employees not assigned to a facility, such as parole officers.</small>								
<small>Positive: current (active) cases; NOT cumulative. All positive inmates are placed in isolation.</small>								
<small>Total: cumulative tests; refers to number of tests performed and completed, NOT the number of inmates or residents tested.</small>								
<small>Pending: all inmates/residents awaiting test results remain in isolation.</small>								
<small>Quarantine: inmates/residents NOT showing symptoms but separated because they are new intakes, back from a hospital for unrelated reasons, etc.</small>								
<small>Inmate false positives to date: BCC (1), CRJ (1), MCC (1), NCRJ (1), PHRJ (1), SCC (1), SCRJ (3), TVRJ (1). Employee false positives: BCC (1), NCF (1). All false positives are moved from the positive/recovered columns to the negative column.</small>								
<small>For positive inmates subject to release, all necessary notifications are provided beforehand. Such releases to date: HCC (2), SRJ (2 furloughed). These cases are removed from the above tally.</small>								
<small>Testing reflects decisions by DCR leadership and facility medical providers, following appropriate guidance and in collaboration with state and local public health authorities.</small>
